

September 9, 2005

The EAC has received the following questions about the Legal Resources Clearinghouse RFP# 05-04. The deadline for question submission has passed, the EAC will not be answering any further questions about this RFP.

Question: The dates for the completion of various steps (for legal research) in the Legal Clearinghouse project seem very tight for being able to generate sufficient quality control over ultimate work product. Are these absolutely fixed or are they objectives that can be negotiated?

Answer: *There is some flexibility, but no more than 30 days.*

Question: Is the deadline still Sept. 13?

Answer: Yes

Question: Do you really require responses/proposals to be in Word, as opposed to something static and relatively unalterable, e.g., Adobe Acrobat (.pdf)?

Answer: *We will accept proposals in .pdf form,*

Question: When do you anticipate the project award? This is relevant due to the requirement of an update project plan within 10 days after award.

Answer: *This project will use Fiscal Year 05 funds. It will be awarded before the end of September, 2005.*
